**FOR IMMEDIATE RELEASE**

## Corval Group Elevates Weir to Vice President

**St. Paul, MN – June 9, 2020** – Corval Group is pleased to announce the promotion of Robert “Bob” Weir to Vice President. As a Vice President and Engineering Director at Corval Group, Bob is responsible for coordinating design efforts and developing equipment solutions for clients and vendors.

Bob uses his 25 years of design and project management experience to integrate Corval’s engineering capabilities with our projects. His expertise is based in heavy industrial, power and petrochemical facilities, working on everything from turnaround and maintenance to large capital projects. Bob utilizes this diverse background of knowledge to assist his project teams to deliver best value design management and meet overall project objectives for the customer.

“Bob has proven himself a trusted advisor to Corval clients,” Paul Jordan, CEO, commented. “In his role as Vice President, he will continue his stewardship of both our clients and our Engineering Services.”

Bob joined Corval Group in 2013. He is a Registered Professional Engineer in the State of North Dakota with a Bachelor of Science in Civil Engineering from South Dakota State University.
